

The Shepherd's Song

For a bunch of bored shepherds, this was one night they would never forget...

A

Late at night, on the hill

Bm

Dark and cold, winter's chill

E4 E E4 E A

Not a sight, not a single sound.

A

Nothing moves, nothing stirs

Bm

Counting sheep, watching herds

E4 E A A4 - A

Nothing ever happens in this town.

Chorus:

E

But tonight is a night of eternal light

A

As the angels bring good news

E

A

A4 - A

Down in the town there's a new born baby king

E

Never in the world was there such a night

A

Of joy for simple men

E

A

When shepherds and angels joyfully join in.

Suddenly in the sky

Angels sing - a mighty cry

"Do not fear, do not be afraid"

Bringing great joyful news

For the world, from the Jews

There's a Saviour born to us today.

Chorus:

To the town we will run

Find the child, God's own Son

Lying there, as the angels said.

Spread the word, tell the world

God is good, praise the Lord!

We have seen the Christ, Emmanuel.

The Shepherd's Song

Chorus:
